## Resident Counsel Meeting Minutes From April 2019

**Guest speakers:** The ADRC gave the Medicare Minute of the month. They talked about hospice care benefits with Medicare. Zane, an RN that is currently employed with Aurora Hospital as an ICU Nurse, came in and gave a presentation about heart disease for a class that he is currently taking. He spoke to the residents about what heart disease is; are you at risk, the symptoms, and things you can do to help prevent heart disease.

**Bus Transportation:** Any residents needing bus transportation to and from an appointment, please see Doug ASAP. He will need to get you on the schedule right away, as spots fill up fast!

**Nursing:** Tabatha talked about the quarantine and why it's so important to stay in your apartment if you are not feeling well.

**Dietary:** Chef Scott said that the new menu cycle is starting and that he has some good feedback from the residents. On Easter Sunday, the resident will have a choice of ham or turkey for lunch, and the food will be plated in front of the residents so that they all get to see the cooks in action.

**Other:** Hobart Family Chiropractor dropped off some certificates for a complimentary exam and x-ray. If anyone would like one, please stop by Sara's desk in the front lobby.

## Executive Director's Desk

Spring is finally here . . . The sun is brightly shining, and the days are getting warmer. When the nice weather lures you outside to take a walk, or maybe to sit outside for a while, please be sure to do two things before you step outside the door. First, make sure that you are wearing appropriate clothing so that you stay warm and dry. Secondly, please make sure to sign in/out of the Resident Binder (located on Sara's desk in the front lobby).

The outside back patio furniture will be coming back out in a week or two, so please take some time to enjoy the nice weather. Also, we will be getting our vegetable gardens up and going again. If you would like to donate some vegetable seeds or plants, please give them to the activity directors (Laurie or Kris).

### Quote of the Month:

"Always end the day with a positive thought. No matter how hard things were, tomorrow's a fresh opportunity to make it better."

## Lost & Found

If you, or someone you know, has lost something, please check at the front desk.

## RESIDENT SPOTLIGHT

## RICHARD "DICK" VALLEY

Dick was born and raised in Niagra, WI. He played baseball and basketball in High School, and graduated Valedictorian of his class. From there he went to the University of Wisconsin for four years where he majored in physics. After college, he was drafted and served in the Army for two years during the Berlin crisis. When he returned, he went to the University of Oshkosh where he got his teaching degree in math and physics. This is where he met his beautiful wife, Basilia "Bea." They have three kids and four grandchildren. They moved to Pulaski where he taught at Pulaski High School for over 34 years. He also coached every level of baseball. Dick said that his first year of coaching they were 0-11 and had only one run! Needless to say, the teams improved over the years. Dick hung up his cleats in 1996. He loves to hunt and fish. Last year, he and his wife moved to Emerald Bay where he enjoys playing Bingo, and is a whiz at Trivia.
