

## Connie's Corner

It's That Time Of Year!

As we enter another year of the dreaded flu season, I am determined that we can get through this year without complete isolation lock down of the facility. It comes with help from every resident, employee, and visitor in the building. Here are some tips:

- Get vaccinated
  - As always, please cover your mouth when you cough
  - Use your elbow to cough in to if you do not have hand sanitizer readily available
  - Wash your hands frequently
  - Wear a mask if you develop a cough—Ask the staff for one
- If you start having the following symptoms, please stay in your room and request room trays for your meals:
- Fever

- Chills
- Cough
- Sore Throat
- Runny or Stuffy Nose
- Muscle or Body Aches
- Headaches
- Fatigue

Flu is usually different than a cold in the way that the flu comes on very suddenly. Fever is also an indicator of the flu, rather than a cold. You are contagious from 2 days before developing symptoms, and up to 7 days after your symptoms start. Please be respectful of others this flu season, and take every precaution to prevent the illness from entering, or going around our building. And as always, thank you for being so amazing!

- Connie Champagne, RN

If you are not registered to vote in Hobart, and would like to vote via absentee ballot, please see Kris or Laurie in Activities, and they will help get you registered.

### Lost & Found ~

If you, or someone that visits you, has lost an item, please look on the front desk in the lobby. Presently we have a pair of ladies glasses by the lamp.

### Resident Testimonial ~

I love how the staff looks after my well being. They really listen to me and treat me with respect. And whenever I'm feeling down, they always try to lift my spirits. They really make me feel special.

~ Bonnalynn

## FROM THE EXECUTIVE DIRECTOR'S DESK

Fall is here, and the leaves are changing colors. Please make sure to wear appropriate clothing when you are going out, and also please let a staff member know when you are leaving the building. Please remember to sign out in the resident sign in/out binder located at the front desk.

Please mark your calendars: We are partnering with Bellin Health and are excited to have Jessica Faescel, MSN, APNP, PC-IMPH, coming to Emerald Bay on Wednesday, October 23rd, from 4-5:00 pm. Jessica will be coming with her team to talk about the services that they will be offering to the residents. A flyer was given to all of the residents on October 1st with a Bio about Jessica. If you did not re-

ceive one, there are extra copies on the table in the lobby near the dining room.

Thanksgiving Dinner will be on Saturday, November 23rd, from 11:00 to 1:00 pm. Invitations will be coming through the mail. Please remember that Emerald Bay will only send invitations to the resident/POA, and it is up to these people to share the information with the other family members. Any questions, please see me.

~ Tabatha Luepke  
Executive Director

*Quote of the Month:*  
*Everything in your life is a reflection of a choice you have made. If you want a different result, make a different choice.*

## Where did Wisconsin Get its Name?

Wisconsin gets its name from the Wisconsin River, which was originally called Meskousing by the Algonquian-speaking tribe. The name was recorded in 1673 by a French explorer. Over time, the pronunciation changed to Ouisconsin, Wiskon-san, and finally Wisconsin. Linguists think the original name must have been borrowed from the Miami word "meskonsing" which translates to "it lies red" or "this stream meanders through something red", likely referring to the sandstone formations in the Wisconsin River.

## Craft Donations

Our activity department is looking for Fall and Christmas decorations to recycle to make new crafts. Please see Kris or Laurie. Thanks!

## Meet Our New Residents!

Welcome  
 Mearl & Jean M

Mearl "Mick" was born and raised in Green Bay. He is married to Jean, and they have five girls. Mearl has an apprenticeship in the electrical field, and has worked all over the state, including the Nuclear Plant. His wife says he's a handyman, although Mearl disagrees with her somewhat. For fun, Mearl enjoyed hunting and playing cards with his friends. Jean was born and raised in Howard (Duck Creek).

After graduating, she worked in the office for Packer City Transit. Jean stayed at home and raised their kids until their youngest was eight. After that, she went back to work part time in the mail and registration department at NWTI, which is where she retired from. Jean enjoyed crocheting and knitting. Both she and her husband enjoyed traveling and playing cards.

Welcome  
 Tom D

Tom was born and raised in Allouez. Around 1963, he married his sweetheart, Margaret, and they had three children. Tom was a manager in the retail business for most of his life. He has worked for Montgomery Ward, Meijer, Copps, and ShopKo. Tom and his wife vacationed a lot in Alabama, and also had a cabin in Wausaukee, where they lived for several years. Tom said that

he liked to get up in the middle of the night and make bread in his bread machine so that he could wake up to the smell of fresh bread! He also had a lot of fun making a train set in his basement. He also enjoyed golfing, sports, and hanging out with his dog, Max. God is also important to Tom.

Welcome  
 George V

George was born in 1945. He was raised on a farm in the Amberg area. He loved to log, so after he graduated high school he went to college for Forestry Aid. After college, he married his lovely wife, Linda, and they have four children. After he married, he went into the Army for over two years—one of those years he served in Vietnam. When he re-

turned, he began working full time as a Forester in upper Wisconsin and Michigan. His last home of fourteen years was in Pembine. George was a big hunter his whole life and loved to maintain the forests for the deer by planting apple orchards and clover food plots.

Welcome  
 Dick & Jean F

Dick was born in 1929 in Michigan. After school, he joined the Navy and served for four years on a destroyer. When he returned, he began working for the newspaper in Iron Mountain, MI, where he worked for 16 years. During this time he married his beautiful wife, Jean. They have four children. George then started his own office machine business.

George is quite handy—He built his own home and cabin. He also made cabinets and furniture. His wife, Jean, was born in 1935 in Iron Mountain, MI. She worked in a department store until she got married, and then stayed home to raise their children. Jean loved to paint ceramics, and also loved to crochet.
