From the Administrator's Desk

Greetings everyone! I want to take this opportunity to introduce myself to everyone. My name is Shawn, and I am the Administrator for Emerald Bay Memory Care. I am a mother of three wonderful grown children and a grandma of four, soon to be five grandchildren.

I have always been a caretaker of all ages. In 1998, I started an in-home daycare and ran that for over 15 years. I became a CNA shortly after that. Being a CNA is more than just a job to me. If I can make just one person smile in a day then I have done my job. I joined the Emerald Bay family in July of 2015. I started here as a resident assistant, working hard and moved up to a med passer su-

pervisor. I eventually worked my way up to the Resident Care Coordinator. In August of 2019, I was promoted to Asst. Admission in the Memory Care. After passing the state administrative course I became the Administrator at Emerald Bay Memory Care. Each day is a new and different challenge for me. I love that I can come to work each day and it does not feel like "a job" to me. I am very happy to be a part of the Emerald Bay family and feel privileged to take care of your loved ones.

Thank you,

Shawn Ramirez, Administrator

DID YOU KNOW?

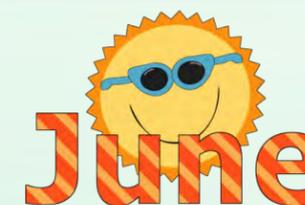

The month of June is probably named after Juno, the wife of Jupiter, and queen of the gods [Hera in Greek mythology]. It was held sacred to her, and was thought by the Romans to be the luckiest month for marriage, since Juno was the Goddess of Marriage. Wherever the goddess went she was attended by her messenger Iris (the Rainbow), who journeyed so quickly through the air that she was seldom seen, but after she had passed there was often left in the sky the radiant trail of her highly-colored robe.

June is often considered a "summer month", whereas September is not. This is despite the fact that September has twice as many summer days as June.

Age is an issue of mind
over matter. If you don't
mind . . . it doesn't matter.

New Visiting Guidelines

With the state opening up again, our rules and guidelines for our facility, per recommendations from the CDC and DHS, are changing almost daily. Both the residents and their designated family member will be notified of these changes as they occur. In the meantime, if you have any questions in regards to these guidelines, please ask a staff member. Thank you for your continued patience during this time.

Medical Transportation ~

Now that residents are allowed to go to regular appointments again, we ask that you **PLEASE CONFIRM** all upcoming appointments with Doug, our driver. With so many residents scheduling, we don't want to miss anyone. The best way to confirm your appointments is to write them all down and give them to Doug, so he can make sure they are all entered in his transportation schedule. Please remember that we have above average appointments as residents try to catch up to the appointments they missed during the isolation period. If you have more than two appointments that you need transportation for in one month, you will need special approval from Tabatha. Thank You!

RESIDENT SPOTLIGHT

Muriel

Muriel was married to her husband, Bernie for 24 years. Together they had four daughters. Muriel has four grandchildren and two great grandchildren. Muriel worked at Larsen Company, starting right out of high school and worked there for 10 years. She then worked at CBI (Center for Business Industry) for 11 years. She loved all her jobs. She enjoyed swimming, and sewing her daughter's outfits. Muriel also enjoyed traveling, especially all over Europe with Bernie and his brother Jim for three weeks. Muriel loves where she currently lives and we are happy to have her with us.

Employee Spotlight

Hello everyone, my name is April. I am a mother of three young adults. I started in the medical field in 1966 as a CNA. I wanted to be in the medical field because I was the oldest of four kids and I always wanted to help my parents and family with daily needs. I worked at Goodwill for six years specializing in team building and mentoring. I've been a part of the Emerald Bay family for over a year now. I started out as a Resident Assisted, and quickly advanced to supervisor/med tech in June of last year. Most people will say I am caring, loving, blunt, and funny. I look forward to meeting each of you as you visit your loved ones at Emerald Bay Memory Care.

The Senior Funnies

I read an article that said the way to achieve inner peace is to finish everything you start. Today I finished two bags of potato chips, a chocolate pie, a bottle of wine, and a small box of chocolate candy. I feel better already!
